District Attorney George Gascón

Working to Make San Francisco the Safest Large City in America.

GETTING VIOLENT CRIMINALS OFF OUR STREETS

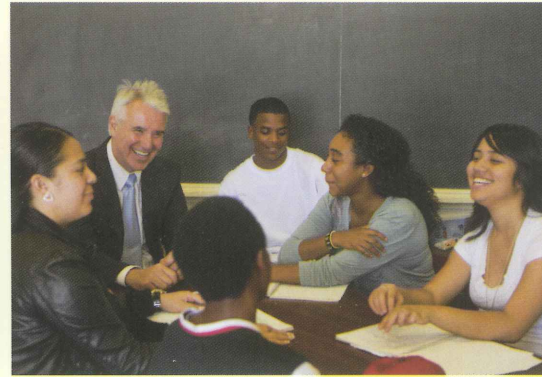

Since taking office, George Gascón has increased the homicide conviction rate to 80% and reduced the backlog of homicide cases.

CLEARING NON-VIOLENT OFFENSES FROM CROWDED COURTS

George Gascón created Neighborhood Courts to move non-violent offenders out of our clogged courts and divert them to counseling and treatment so they don't reoffend.

KEEPING SAN FRANCISCO YOUTH IN SCHOOL

George Gascón is working with the YMCA to ensure kids stay in school and earn their diplomas. He established an anti-truancy program at Burton High School to work with at-risk kids, a program that will be expanded citywide.

"George's experience, ability, and reforms are modernizing and enhancing the DA's office."

Attorney General Kamala Harris

San Francisco Chronicle
