

LELAND YEE

A MAYOR
We can
COUNT ON

WORKING FOR KIDS AND SCHOOLS

✓ PROTECTING KIDS

A child psychologist, Leland has dedicated his career to protecting and helping kids. He has passed laws to protect kids from abuse and sexual exploitation. We can count on him to put kids first.

✓ QUALITY NEIGHBORHOOD SCHOOLS

Every child deserves a safe, high quality public school in their neighborhood. Leland is committed to closing the achievement gap, fully funding our schools and investing in necessary technology to prepare our children.

✓ CHILDCARE FOR WORKING FAMILIES

Leland has successfully won funding for thousands of low-income families seeking childcare and is fighting to preserve childcare centers that have seen their funding eliminated.

✓ INVESTING IN TEACHERS

Our teachers are the key, but 33% leave teaching after 3 years and 50% leave after 5 years. Leland will invest in our teachers, offering housing subsidies and support services so that they are able to stay and continue their important work.

“Children today face enormous challenges. I trust Leland Yee to fight alongside the Board of Education for quality public schools and equitable opportunities for all youth.”

Member, Board of Education

SAFE, HEALTHY NEIGHBORHOODS

✓ EXPANDED COMMUNITY POLICING

To protect our streets and safety, we need a police force that works hand-in-hand with the community. Leland will work to increase foot patrols and to foster a true partnership between police and the community.

✓ PREVENTING GUN AND DOMESTIC VIOLENCE

Leland is a statewide leader in saving domestic violence shelters and preventing domestic violence. He has zero tolerance for guns on our streets. As Mayor, Leland will be committed to fighting violence in our streets, and engaging the community for real solutions.

✓ CLEANING UP TOXIC WASTE AT HUNTERS POINT

Leland stood courageously to demand that radioactive waste at Hunters Point be cleaned up to the highest standards. An independent voice, he will fight for our health and safety.

✓ HEALTH CARE FOR ALL

Leland believes that quality health care is a right for every individual. Leland supports HealthySF and is working to expand it—that's why the CA Nurses Association is endorsing him.

"The California Nurses Association supports Leland because he has proven his commitment to ensure quality health care for every San Franciscan."

GOOD-PAYING JOBS AND IMPROVING OUR ECONOMY

✓ LOCAL JOBS

If you live in SF you should be able to work in SF. Leland will work to bring jobs back to SF and help spur new job creation.

✓ JOB TRAINING

In order to succeed, people must have access to diverse job training opportunities. As Mayor, Yee will expand job training programs for youth and those out of work.

✓ FAMILY BUSINESSES

Small businesses are the life blood of our city. They create jobs and keep our economy running. Leland will work to cut red tape and give them the support and individual attention they need to thrive.

✓ WORKER RIGHTS

Named a Labor Warrior for his fight to protect and expand worker rights, as Mayor, Leland will continue to push for a fair minimum wage and to expand worker protections and benefits.

"Leland knows that putting San Franciscans back to work is our number one priority. He's always been a strong supporter of small businesses and he's the best choice for creating jobs."
