The men and women who represent working families in San Francisco know who's on their side. That's why Leland Yee is their overwhelming #1 choice to create jobs, protect working families and get our economy back on track. His plan includes:

- ✓ Establish a municipal bank to spark local jobs investment
- ✓ Create clean energy jobs through CleanPowerSF
- ✓ Encourage small business growth with Mayoral case workers for every commercial district
- ✓ Oppose privatization and contracting out
- ✓ Enforce fair labor standards for all workers
