A CITY WITH THE **WORLD'S BEST VIEWS** DESERVES A **GOVERNMENT WITH VISION**

Phil Ting is already showing how we can do more with less. When he took over the Assessor's Office, it was one of the worst departments in San Francisco. He has turned it around, generating over \$300 million in new revenue — without new taxes. Learn more about Phil Ting and Reset San Francisco at www.ResetSanFrancisco.org.

The best city in the world deserves a better city government. That's why Phil Ting and the Reset San Francisco community have been organizing tens of thousands of San Franciscans all over our city around real solutions — from a faster and more reliable Muni and more responsive city government to better schools and smarter investments in a strong economy.

City Hall and political insiders might not be able to see that there are solutions. But a city as creative and innovative as ours should have a city government with the vision to see how to operate more effectively and more democratically.

Find out for yourself how Phil Ting and Reset San Francisco are giving tens of thousands of San Franciscans the tools to take charge and show City Hall how it's done. There are solutions — and Phil Ting and Reset San Francisco are showing how to make them work.
