

SAN FRANCISCO RISING

ACTION FUND

San Francisco Rising Action Fund is a new grassroots organization that has formed to make lasting change for working families in San Francisco. Our members represent the rising majority of the city – low income and working class communities of color – who contribute to the wealth and unique beauty of this city but have not benefited from its prosperity. We are uniting African American, Chinese, Filipino and Latino communities from across the city to build a San Francisco for all! San Francisco Rising Action Fund's mayoral and ballot measure endorsements reflect our diverse constituency, policy platform, and progressive vision of San Francisco.

ENDORSEMENTS FOR MAYOR

#1 ENDORSEMENT: JOHN AVALOS

John Avalos, currently the San Francisco Board of Supervisor representing District 11, has been a long-time champion for our communities in San Francisco, standing up for immigrants, low-income people and people of color. Working families across San Francisco have benefited from his groundbreaking local hire legislation, which will create new job opportunities for city residents, and through his leadership as the Chair of the Budget and Finance Committee, he has saved jobs, vital services and programs for seniors and children. John Avalos has a vision for all San Franciscans and as Mayor of San Francisco he will continue to stand up for our communities!

#2 ENDORSEMENT: ED LEE

As the current Mayor, Ed Lee has supported key issues such as increasing worker protections and facilitating an equitable budget process. As Mayor, we believe he will continue to work collaboratively with the community.

We believe our endorsements will bring diverse communities together and bring forth a new vision for San Francisco. To learn more about our platform, please visit our website at www.sanfranciscorising.org.

SF Rising Action Fund Slate

The San Francisco Rising Action Fund also reviewed the San Francisco ballot measures for the November election. The following are our ballot endorsement recommendations:

- Prop A: Yes** Continue to invest in and improve our city's public schools!
- Prop B: Yes** Strengthen and repair our city streets for safer walking, driving and biking.
- Prop C: Yes** Support a compromise pension reform measure for all San Francisco workers.
- Prop D: No** This measure is ill conceived and dangerous for the city!
- Prop E: No** Don't set a bad precedent of politicians changing voter-approved ballot measures.
- Prop H: No** Don't be fooled; this measure will actually take away students' choices and learning opportunities.
